

2021-22 ANNUAL REPORT

GiftAbled Foundation

Fostering Inclusion

ABOUT GIFTABLED

GiftAbleD was founded by Prateek Kaul and Prarthana Kaul in December 2013. They realized Disability as a cause is skewed to the bottom of the pyramid and conceptualized to start the organization. GiftAbleD works to build an inclusive world where People with Disabilities find an equal opportunity in all aspects of life.

Due to their limitations, it is believed that People with Disabilities do not fit into society. At GiftAbleD we try to break that norm by empowering People with Disabilities through our programmes.

FOUNDER'S MESSAGE

Dear Well Wishers,

GiftAble has accomplished quite a few milestones in last one year. Most importantly, we have created difference in the lives of over 5000 Persons with Disabilities and Caregivers in last one year. We will also use this opportunity to share thoughts on our growth in years and decades to come.

As you would have seen in last years Annual Report, Uttar Pradesh (& low-income regions) will be the priority for GiftAble Foundation. Our endeavor would be to deploy significant proportion of our resources in Aspirational Districts. We are hopeful by 2025 that Uttar Pradesh will become second Headquarters for GiftAble Foundation.

The team would be built grounds up with leadership onboarded from different parts of the country. Our thought process is not just limited to empowering Persons with Disabilities but also to look at the gaps which have inhibited in few cases the development of the region. We will invest to implement best practices, sensitize to reduce discrimination on gender or caste and standardize ethical processes. The long-term goal is to groom future Leadership from the very regions where we operate.

From the beginning of our journey, we have believed in the power of technology and its applications. Hence the same platforms can be deployed to harness the power of tech in low-income regions that have been part of our success. Our effort would be to scale up our initiatives to create impact across Livelihood, Education, Health and Upskilling of Children/ Adults with Disabilities. With the kind support of our donors, volunteers we will continue to work towards our larger goal of transforming lives of 100,000 beneficiaries in this decade.

Warm Regards,

Prarthana & Prateek

Vision

To build an inclusive world where People with Disabilities find equal opportunity in all aspects of life.

Mission

To innovate and accelerate inclusion to transform the lives of People with Disabilities

IMPACT NUMBERS 2021-2022

BENEFICIARIES

3488

Health, Education, and Livelihood have to all come together to ensure a Person with a Disability is relatively independent. Our goal in the next few years would be to scale up all our offerings across the country.

Participants

Many awareness camps for parents, government, and corporate staff were conducted where new challenges and solutions were discussed. This we believe will create a ripple impact in building an inclusive space for People with Disabilities in the community.

4245

VOLUNTEERS

1500

Pandemic created virtual volunteering opportunities. A wide range of volunteering engagements were done across the globe. Volunteers participated in learning sign language and stepped into the shoes of a Person with a Disability with a motto to spread more awareness.

OUR IMPACT JOURNEY

PROJECT SVASTYA

A Health Initiative

According to WHO, estimated 5.2 million children under 5 years died mostly from preventable and treatable causes. India accounts for the second-highest country in the world for deaths of children below 5 years of age. Children who survive, don't reach their full potential.

Svastya interventions drive impact across Health, Education, Livelihood, Empowerment and Social Components of Community Based Rehabilitation

Our program offers a range of services :

Early Intervention Program (0 to 8 years) promotes the child's age-appropriate growth and development and supports families during the critical early years.

Inclusive & Rehabilitation Program (8 to 18 years) supports Children with Disabilities and their caregivers with various therapy, modify their innate behavior, achieve functional literacy skills ,pre vocational skills and enable them to step into adulthood with maximum functional capacity with self confidence and dignity.

Independent Living Program (18 years & Above) empowers People with Disabilities to be functionally independent, participate and be a productive member of society.

Sustainable Ecosystem Program is aimed at strengthening the existing linkages in the community by sensitizing and capacity building all the relevant stakeholders including Government - ASHA, ANM, Anganwadi, RBSK, PHC, Medical & Rehab professionals, parents, caregivers and peers.

CoE LEAD MESSAGE

At Giftabled, our Health COE is designed to cater to Children and Adults with Disabilities from birth. Our rehabilitation model ensures the quality of life of these children improves greatly while also ensuring real sustainability in the long run as parent/ caregivers and child are both empowered.

We wish to reach out to 1 million People with Disabilities by 2025 as our vision includes expansion of our services to 6 states- U.P, Maharashtra Telangana, Karnataka, Tamil Nadu and Orissa.

Our partnership with the State Governments and Bharat Sevak Samaj helps in creating highly effective human resources in the rural sector & financially including women and caregivers simultaneously. Our donors provide adaptive devices to 1000's of beneficiaries to ensure they can perform their daily activities effectively. This effort also helps in the expansion and redistribution of our therapies and Special education for Children with Disabilities.

Our scope of work has expanded to ensure Children with Autism, ADHD, Cerebral Palsy are integrated in mainstream schools (Mandate of NEP) smoothly by implementing teaching methodologies suitable for Children with Disabilities.

Our wish is "A world where Children and Adults with Disabilities find equal opportunity to participate in the community"

Divya Karthik
AVP, SVASTYA

EARLY INTERVENTION AND EARLY EDUCATION PROGRAM

Our Early intervention program is dedicated to helping children between the ages of 0- 6 years who have a developmental delay in 5 core areas.

1. Cognitive Development
2. Physical Development
3. Communication Development
4. Social and emotional Development
5. Adaptive Development

The aim of this program is to promote age-appropriate development and growth of children with developmental delay.

Center-based service: Child along with parent visit the established early intervention center to avail the therapies using equipment specific to the disability.

Home-based service : Therapists or Early interventionists deliver the service at the child's home on predetermined days. This empowers the parents to conduct the therapies at home daily.

Sub-centre/ Community center-based Service : Therapy services are delivered through partner organizations across low income states or a suitable center which is accessible to the caregivers and children such as Anganwadi schools, homes, or PHC where 4 to 5 children or more can access.

MAJOR PROJECT ACTIVITIES IN 2021-22

Ration kit distribution was conducted during the second wave of pandemic at community level

Collaboration with Government of UP, Karnataka and Maharashtra to set up sub centers at block and village level

Distributed adaptive devices to Children with Disabilities across 5 states in India.

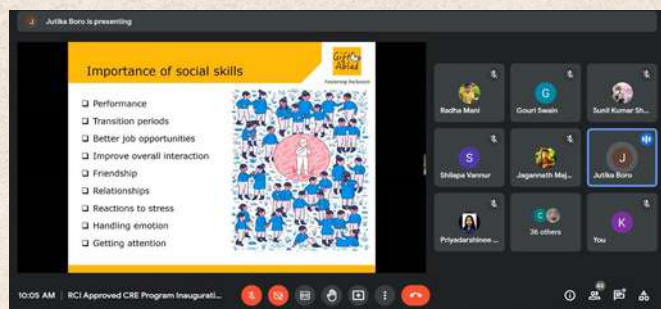

MAJOR PROJECT ACTIVITIES IN 2021-22

GiftAbleD has distributed Nutrition powder which was manufactured inhouse by our caregivers which is FSSAI approved to over 500 Children with malnourishment

Conducted two CRE in collaboration with NIEPMD, Chennai and empowered 120 professionals across the country.

International Early Intervention Conference - Cutting edge technologies and family empowerment in Early intervention was organized with 12 delegates and experts in the field from across the Globe and with 235 participants from India on February 19 and 20th, 2022

PROJECT SWATANTRA

A LIVELIHOOD INITIATIVE

Swatantra is an attempt to make rural Persons with Disabilities and their caretakers, acid attack victims, transgenders, underprivileged and single women self-sufficient and economically independent by giving them relevant employable skills in partnership with local resource training centers.

The main aim of this program is to provide them with employable skills and enhance the quality of their lives, through life skills programs, workshops on disability laws, and by enhancing their marketing and financial knowledge. It is disability & region-specific skill-based training which will lead to livelihood opportunities for People with Disabilities and their Caretakers.

CoE LEAD MESSAGE

According to India's national Multidimensional Poverty Index (MPI) Bihar: 51.91%, Jharkhand: 42.16% , Uttar Pradesh: 37.79%, Madhya Pradesh: 36.65%, Meghalaya : 32.67% comes under top 5 states where the percentage of the population lives below the poverty line.

2011 census clearly states nearly 50% of the People with Disabilities belonged to one of the five states namely Uttar Pradesh (15.5%), Maharashtra (11.05%), Bihar (8.69%), Andhra Pradesh (8.45%), and West Bengal (7.52%).

These data gave us clear indications to analyse and introspect the need of skill training in such states. GiftAble office was established in Uttar Pradesh to take the agenda forward and we started to setup our Direct Training unit. We were able to establish the grounds in the interiors of U.P and look forward to expanding the operations in the future. This year is filled with a lot of learnings on ground from working with people with severe spinal cord injuries on Honey cultivation in the Karnataka region to running Mushroom cultivation in UP and parts of Karnataka. Project Masala making for Adults with Intellectual Disabilities has shown significant progress in terms of income generation. I greatly appreciate the team, who had put forward their best efforts towards the project to make it successful. I look forward to see Swatantra be one of the game changing initiatives in the lives of People with Disabilities in low-income states.

Sincerely,

Deekshitha Ramesh

AVP, SWATANTRA

TRAINING PROGRAMS

HONEY BEE FARMING

Employment is one of the most important goals for an individual with spinal cord injury (SCI), especially in cases where an individual is the only earning member of the family. We aim to achieve economic self-sufficiency along with personal growth, disability adjustment, social integration, and life satisfaction. Most of the studies for SCI on vocational resettlement reported a relatively lower rate of employment, usually below 40%. The study says only 12% of individuals returned to the same job after an injury. GiftAble is running Honey Bee farming training for rural SCI's and PwD's families as an alternative source of income.

SPICE MAKING TRAINING

GiftAble conducted Entrepreneurship development for the Persons with Intellectual and Developmental Disabilities by pairing with one of their Caretakers and training under an assisted environment. Trainees have learned the mechanism of processing of Spices like turmeric powder, coriander powder, roti mix powder, chilli powder & gram dal which also includes other associated skills like packaging, sealing, shorting, counting, dispatch, stalking and raw material maintenance.

After the skill based training the Persons with Disabilities along with their caretakers have been trained on independent entrepreneurship for 6 months with machineries and raw materials support.

TRAINING PROGRAMS

MUSHROOM, HORTICULTURAL AND VERMICOMPOST TRAINING.

A new beginning towards empowering people of tribal population in the self-employment sector where People with Disabilities and their Caretakers, find themselves in position to provide a helping hand to their families. Equipping them in Mushroom, horticulture and Vermicomposting skills will benefit them to generate income to feed their families and have a sustainable living.

The tribal residents of Toyaput and Koraput district in Odisha, Pavagada district in Karnataka & economically deprived families of Balrampur District in Uttar Pradesh lack benefits of basic necessity like education, health, and Government schemes which has been a hindrance for the tribal & economically deprived society even today.

OUR IMPACT

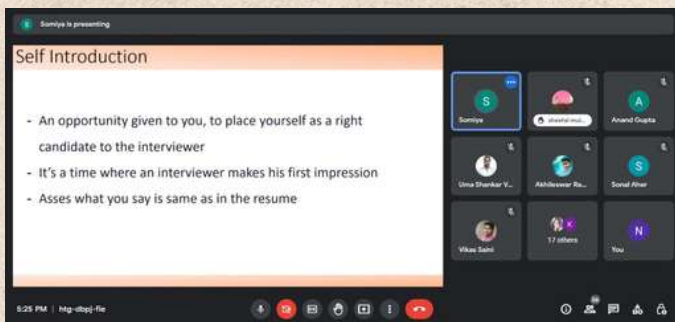

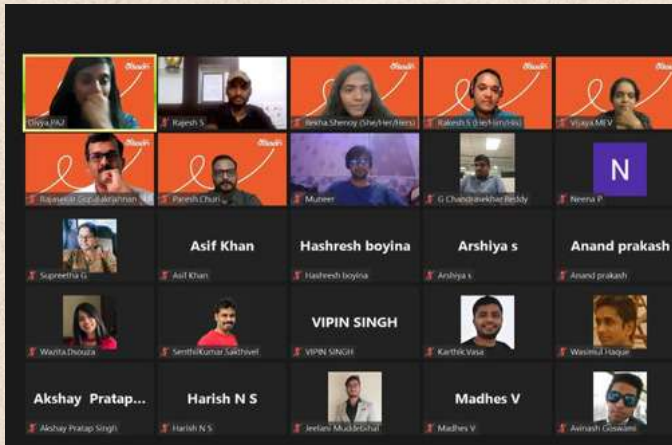

PROJECT EMPLOYABILITY INITIATIVE FOR EDUCATION

LearnAble is a fully accessible virtual training institute for People with Disabilities to learn highly demanded technical and non-technical courses in the job market.

Our objectives are to create a trained cadre of Youth with Disabilities who are equipped with industry-required skill sets.

These courses are for People with Disabilities, both fresher as well as experienced. It will give additional qualifications and skills to PWDs. This course is fully accessible for People with all Disabilities i.e., with Sign Language Interpreter & Screen Reader.

CoE LEAD MESSAGE

Being a Person with Disability is not easy as life is certainly more difficult for them. Gaining meaningful employment and developing employability skills side by side, for a Person with a Disability is a major challenge especially in a country like India. While India has ratified the United Nations Convention on the Rights of People with Disability (UNCRPD), difficulties in all shapes and forms abound in the job market.

LearnAbleD is designed by GiftAbleD, a program that helps People with Disabilities upskill in a short period of time. With this program, Corporates have access to their diversity hiring programs, while persons with disabilities can access employment in the Retail, IT, Banking & Hospitality sector as well!

27 batches of Tech+ Non-Tech courses in various subjects & technologies are available for interested candidates. Popular Courses Include: Full Stack Development, Advance Java & Data Structures & Algorithms. Non-IT Courses include BFSI, soft skill development. A great program like LearnAbleD has had tremendous success so far with a 53% completion rate. Of course, we would like to thank our corporate partners: Google, Salesforce, PwC, and Intel for helping us and making LearnAbleD a tremendous success! We at GiftAbleD will continue to make our dream of 1000 LearnAbleD certified graduates come true.

All the best!

Bharath Naik
PROGRAM MANAGER, LEARNABLED

Impact Stories

"I am Wasim. I got an offer from Capgemini with the help of a Software testing course and live training conducted by GiftAble. The training helped me to overcome the fear of industry experience, The trainers are excellent. They teach us everything from scratch with better examples to understand the concept. Moreover the live assessment aims at the Goal of the training to evaluate student learning at the end of the session.

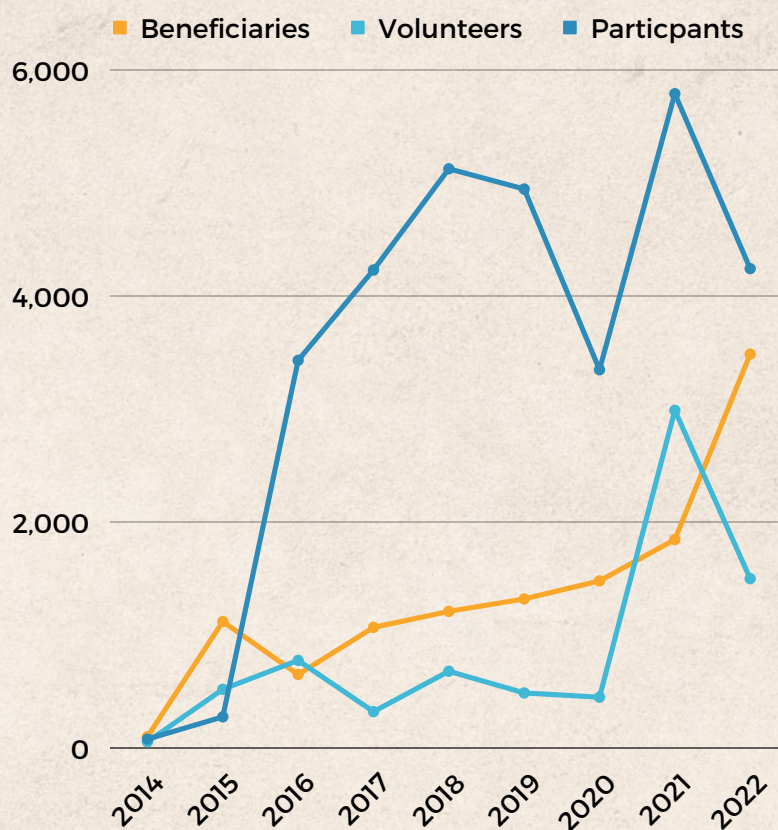

My sincere gratitude to the GiftAble for all the effort in impacting quality training the ability candidate. I truly appreciate the trainer and mentors for giving their valuable time to train us. I advise the students to keep practicing and enhance the confidence to face any level of Interview."

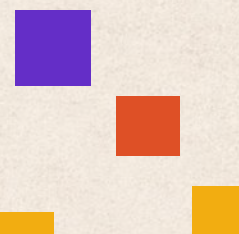

"I am Sharad Nanda, I am working at CBRE as a front office executive with help of English communication classes. The training helped me overcome the fear of talk of hesitation. Before this class, I was not able to talk in English. Apart from that, I have Completed my Course in Banking finance, and Insurance which gave me a handful of Knowledge in accounting, excel, and the basics of Insurance and Stocks. Thanks to GiftAble for all efforts in the impact of training. I truly appreciate the trainer and mentor also for giving me valuable time to train me. Also continuing progress in learning the salesforce course will give me more chances to get better roles in my career. All the very best."
